FLOAT GROUP	10,11
FORMING SHIELD GROUP	12,13

NUMERICAL LIST.....	14
----------------------------	-----------

SUGGESTED STOCKING LIST.....	15
-------------------------------------	-----------

ABBREVIATIONS

L/H - left hand (Determined from Operator's position, facing forward.)

R/H - right hand

I.D. - inside diameter

O.D. - outside diameter

A/R - as required (quantity varies with header size)

REF - reference, part number called up elsewhere in catalog

SUB - Substitute (Revised design may be used to repair previous design when stock is depleted.)

NC - national coarse thread

NF - national fine thread

NOTE: Common hardware is not illustrated. Alphabetic references are used to designate position and description of these items.

When ordering, be sure the complete and proper serial number is given. Some parts vary with header size; be sure you are ordering the correct number for your header.

SERIAL NUMBER BREAKS

The side of the serial number on which the dash (-) appears determines whether the part is used "up to" or "after" the serial number given.

Example: -74924 Used on machines up to and including serial number 74924.

 74925- Used on machines including and after serial number 74925.

BOLDED PART NUMBERS INDICATE REVISIONS OR ADDITIONS SINCE LAST PRODUCTION YEAR.
